TÜV AUSTRIA BELGIUM NV – Freelance IT consultant

Join our network of experts

At TÜV AUSTRIA Belgium, we believe that innovation, security, and intelligence are at the heart of digital transformation. As part of our fast-growing Digital Intelligence & Innovation department, we are building a strong network of experienced freelancers to collaborate on exciting projects for our clients across various industries.

We are looking for freelancers in the following domains:

- Cyber Security

- Data & Intelligence

- Quality Assurance

- Project Management & Agile

- DevOps & Engineering

- Enterprise Resource Planning (ERP)

What we offer

- The opportunity to work on diverse and challenging digital projects in an international context

- Flexible collaboration: assignments based on your availability and expertise

- A partnership with a reputable and independent inspection, certification, and digital services organization

- Possibility to contribute to cutting-edge innovation in digital assurance, data-driven decision-making, and secure IT environments

What we are looking for

- Proven experience in one or more of the domains listed

- Strong analytical, communication, and problem-solving skills

- Ability to work independently or as part of a project team

- Freelance status or willingness to work as an independent consultant

- Fluent in Dutch

Interested?

We'd love to get to know you, so apply today for this opportunity! Join us in shaping the future of Digital

Intelligence & Innovation at TÜV AUSTRIA Belgium.
